

NORTHEAST ENERGY EFFICIENCY PARTNERSHIPS

Glossary of Terms and Acronyms

Completed Regional EM&V Forum Project

Glossary of Terms and Acronyms

Completed Regional EM&V Forum Project

Version 1 adopted by the Steering Committee in March 2009.

Version 2 adopted by the Steering Committee in March 2011. Adds about 60 terms not included in Version 1.

Defines and explains terms used in the evaluation, measurement, verification, and market research of electric and gas energy efficiency, conservation, load management, demand response, and other demand reduction activities.

Purposefully minimizes the complexities and necessary context of the statistical terms or methodologies that are used in the development of energy or emissions savings.

Glossary of Terms and Acronyms

Completed Regional EM&V Forum Project

- The Glossary includes terms:
 - Commonly used in the processes of Evaluation, Measurement, and Verification
 - Associated with the energy efficiency measures being installed and the equipment or facilities within which they are installed
 - Associated with program strategies that might be included in Evaluation, Measurement, and Verification studies
 - Often found in evaluation reports
