ground breaking projects

STAR TREK

Upcoming Events

- **June 18-19, MA:** ASHP Market Transformation Workshop

NEEP invites you to explore how the region can work collaboratively to accelerate the adoption of air source heat pumps (ASHP) and variable refrigerant flow (VRF) systems. These renewable heating and cooling technologies are increasingly seen as important solutions to a low-carbon future in the Northeast and Mid-Atlantic region and beyond.

- **August 27, NY:** R&D Connector – Buildings as Grid Assets

Workshop being held in conjunction with the NEEP Summit

2019 NEEP Summit: Electrification Northeast Symposium

EPRI | ELECTRIC POWER
RESEARCH INSTITUTE

ELECTRIFICATION U.S. SYMPOSIUM SERIES

Pathways to Decarbonization
in the Northeast

August 27-29, 2019
Brooklyn, New York

Hosted by  and 

Registration Is Now Open

Sponsorship Opportunities
Available-

NEEP Allies get 20% Discount

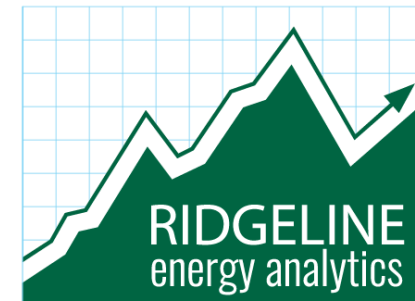

Key Topics:

Building Decarbonization
Electrified Transportation

Thank you for attending our Meeting

- Please complete the evaluation form – return it to NEEP table
- Leave your name tag and lanyard for the next space mission
- Thank you again to our sponsors- you are out of this world!

Go and Shoot for the Stars!
