

# Heating Electrification Workshop 2023 Sponsorship Opportunities

October 24 & 25 | New Haven, CT

Sponsoring Heating Electrification Workshop 2023 will provide your organization the opportunity to demonstrate your leadership in the heating electrification industry. As a sponsor, you will benefit from exposure to key stakeholders as we dig into topics, including contractor insights, designing and implementing heat pump programs for underserved customers, and new heat pump categories that provide additional solutions to various sectors.

This workshop is being held at the Hotel Marcel, the first and only Passive House hotel with a sustainability-focused operation – making it the perfect destination to showcase your passion for energy efficiency.
