## Regulatory Advisory

*Date*

### APPLIANCE EFFICIENCY REGULATIONS FOR [STATE]

Appliance standards set minimum efficiency standards for energy and water using products. [State] adopted appliance standards through [bill name] on XX/XX/XXXX which set requirements for XX new products.

Beginning DATE, regulated products will need to meet the states' appliance efficiency regulations, which involves meeting the performance, testing, marking, and certification requirements. Each product will need to be certified to one of the following databases in order to be legally sold or offered for sale in the state:

- [State Appliance Standards Database \(SASD\)](#)
- [Modernized Appliance Efficiency Database System \(MAEDbS\)](#)

Retailers, distributors, and installers of the following products can visit these databases to ensure your offerings are in compliance with these new energy efficiency regulations.

### Upcoming Meetings (Optional)

As part of [State]'s [regulatory/legislative] process, [Organization] will host a public comment period/webinar/etc. on XX/XX/XXXX to discuss [standard requirements/test procedures/certification/marketing/compliance/enforcement].

### Overview of Standards

Appliance	Effective Date	Standard Referenced	Listing Requirements
<i>Air Compressors</i>	<i>January 1, 2022</i>	<i>California Title 20</i>	<i>MAEDbS</i>
<i>Commercial Dishwashers</i>	<i>January 1, 2022</i>	<i>ENERGY STAR V2.0</i>	<i>SASD</i>

If an entity sells or offers for sale noncompliant regulated-products, they will be subject to enforcement penalties. To review [agency or state]’s enforcement policies, see Section [XXXXXXX] of [XXXXXXX].
